## Purest Granulated All-Natural Black Pepper

When it comes to the world's most important spice, you might as well give the best—a useful gift that your recipient will enjoy year round. We use the two most potent varieties of top-quality peppercorns, carefully screen out fillers and stems, then granulate (rather than grind) them through our exclusive process, which preserves their high essential oil content. It's the most flavorful pepper on the market. (6 oz/170 g)

## Purest Ground All-Natural Cinnamon

Our award-winning high-oil Korintje cassia cinnamon has been a part of family rituals for more than 100 years. Make it part of your holiday celebration, and you'll see what all the fuss is about. Buttered toast with Watkins Cinnamon will warm up any winter morning—and the flavor is so sweet and pure that you may not even need to add sugar! Watkins Cinnamon has more than twice the essential oil content and about twice as much flavor as the typical Ceylon variety of cinnamon. (6 oz/170 g)
